

Aiyal International School Enrichment Academies

17th September, – 21th November, 2018

"To have uncompromising aspirations for every individual and for our schools to be exceptional and inspirational community of life-long learners who are citizens of the world; proud of their national heritage."

At Aiyal International School we offer a variety of Enrichment Academies to meet the different interests of the children. We use the skills and expert knowledge of the staff to run a range of academies. We believe that Enrichment Academies are a valuable extension to the school day allowing children the additional opportunities to work with their peers and adults. Children who attend Enrichment activities regularly have expressed a sense of achievement and enjoyment that has resulted in increased confidence, motivation and commitment towards school life and their learning.

Academies will run for a 9 week block this term. Children and parents have a choice of which academies they wish to select and are asked to make three choices in order of preference. Please note all children will be offered **one** academy in the first instance and if there are any places left they may be offered a second academy. We will try our best to ensure that all children who show an interest in academies do get a place, even though it may not be their first choice. When your child gets a place in an academy it is important that they attend each week as the place could have been offered to another child. Please be aware that places are limited though similar clubs may be run on different days. We will try our best to place your child in the chosen club but it is important that you reply promptly.

All academies start at 1.30pm and finish at 2:30pm. At the end of the session parent / carers are asked to collect their children from the class where their club will take place on the EYFS pod. Children must be collected on time at 2:30pm at the end of their enrichment session. Failure to collect your child

Children are expected to keep to the school rules during their time at the Enrichment Academies.

At Aiyal International School the needs of the children are of paramount importance and so their opinions matter. Through regular evaluations we will assess whether we are running the academies that the children want. We therefore will change the academies on offer each term to meet the demand.

Your views are also important to us. If you have any ideas on academies or have a particular area of expertise that you would like to share with us and the children then please do let us know.

The Enrichment Academies for the Autumn term will take place from Monday 17th September, 2018 to Wednesday 21st November, 2018.

Please turn over the page to see our weekly Enrichment Academies for the Autumn term.

Monday

Art Attack!: *Children can learn and practice a wide variety of artistic skills.*
